Does luxury lifestyle sound like your cup of tea? Are you determined to make an independent living out of what you love? If you answered yes to at least one of the above questions, then you have come to the right place. The Middle East is a hotbed of startups and business owners. It is fast-growing, with a tough work ethic, and dynamic. However, while entrepreneurship in this region is on the rise, it is not always simple. Not only will the government impose cumbersome rules and regulations on you, but you'll also have to work under harsh climate conditions. Add to that the the additional obstacle of being a foreigner in a new country, and you know you'll have a lot to overcome. It's no wonder that many people think of starting a business in the Middle East and then simply give up after a few days. They question whether there will be enough opportunities for them to make a living and whether they will be able to cope with c9d1549cdd

I have to write a story from my life. I was born with congenital heart disease, and I have heart surgery. I have to return to the hospital every 3 months for an examination. I have to go back to the hospital to receive a cardiology exam. But I want to make people who download the game know how hard it is to undergo heart surgery. With this, I have decided to make a game. I want to have input on the construction of the software and the added content. Since I have difficulties understanding about coding, I can not ask for help. Therefore, I hope that you will help me.

----- This is the story of TaroOni. The story begins on the 8th February, 2015. As always, I wake up at 4 am to prepare for the day. In the kitchen, I made the first cup of green tea. Usually, I start the day by making green tea. I need to take care of my health. I was born with congenital heart disease. The doctor said I have to undergo open-heart surgery. I have to go to the hospital every three months to receive a cardiology exam. There is a risk that my surgery will be halted. So I have to take a test every three months. The doctor is on duty every three months.

Each time I undergo a test, my anxiety
