MANILA, Philippines - The Department of Transportation (DOTr) has warned ferry operators against canceling or delaying ferry trips to South Wharf, Marikina City amid the Luzon-wide shutdown for the anniversary of the EDSA Revolution. DOTr Manila Port Operations Officer Armando Burlon told reporters in a briefing on Monday that the agency has already prepared an implementation plan for South Wharf operations following the shutdown. "We (DOTr) have implemented a contingency plan regarding South Wharf operations, if there is a disruption. Of course, we are not promoting that," said Burlon. "What we are promoting is that as long as the Pasig River is flowing, South Wharf will be open. So, if there are disruptions, they will have to be mitigated accordingly," he added. The Pasig River flow was monitored by the Philippine Atmospheric Geophysical and Astronomical Services Administration (PAGASA) on Monday. PAGASA Chief Climatologist Gil Zamora said that the river flow was between 1.84 and 1.90 meters per second at 1:00 p.m. on Monday. The river's flow was below the 0.7 meter per second threshold for the first time in four years. However, there was no disruption in the ferry service from South Wharf as of 1 p.m. Burlon clarified that no changes in the South Wharf service were being made as of Monday. The agency has delayed ferry services to South Wharf as a precautionary measure, he said. Trip cancellations and delays for those crossing the Pasig River are not being considered, he said. However, those who chose to

cross the river for leisure will still be charged a fee, according to the DOTr official. The agency has also planned for the creation of a designated area for passengers 6d1f23a050
