The Department for Transport (DfT) intends to hold a "shared funding agreement" with the main contractor on HS2, HS2 Ltd, which would be binding on both sides for the first three years of the project. The goal is to run the tests in the hope that it would reduce the number of railway lines through London. The two routes are HS2 Ltd's recommended route and a plan by the Campaign for Better Transport (CBT), the public sector trade union, for a route along the existing railway line to West Croydon via Sandhurst and Shepperton. The DfT is proposing to hold a "competitive procedure", rather than a competitive funding agreement, to decide which would be the preferred route. A competitive procedure means that anyone can bid for the work and the DfT would award the contract to the lowest bidder. The competition would take place over a two-year period and would consider both routes. If the bidder is not the lowest, it would pay a penalty, the DfT said. There would be no penalty if it won. CBT, which is campaigning for a line running along the existing railway to London Bridge, said it was worried about the length of the period for which the public sector worker would be bound by a shared funding agreement. Its chairman, Terry Mackenbach, said: "All the time, we've said that this is something of a poisoned chal
